

ECMC Research Nurse Network Group *Delivering complex trials as a research nurse working in the ECMC network*

Thursday 12 September 2024, 10.30am - 4pm
Guy's Hospital, Great Maze Pond, London, SE1 9RT

What is this training?

This training day will build on our existing training – Successful nursing in a Phase I environment – and focuses on aspects around delivering complex trials as a research nurse working in the ECMC network. The day will be a mixture of presentations and interactive workshops.

Agenda items to include:

Changes in early phase cancer trials: hearing both the clinician and research nurse perspective

Parallel workshops – you will have the opportunity to attend 2 of the 3 workshops

- Workshop 1: Consenting to complex early phase trials
- Workshop 2: Managing and delivering care for patients on complex early phase trials
- Workshop 3: End of study

Who is this training for?

This training is for adult and paediatric research nurses who have been working in early phase cancer research for around 3 to 18 months. There will be a number of senior research nurses facilitating this training who will share their experiences under the above topics.

How to register to attend

The training is free to attend. Registration is open until **Friday 23 August**, but we urge you to register as soon as possible, as spaces are limited. Priority will be given to research nurses based in ECMC locations. Please register for this event via Microsoft Forms: <https://forms.office.com/e/v58Th820qd>
